FINES BOARDMAN \$25

Judge John H. Barnes rendered a decision in the police court Tuesday morning, fining Albert Boardman \$25 and costs for violation of a city ordinance relating to nuisances of the first class when he started to hold a meeting on Ferry street on Labor Day night after he had been told by Mayor H. M. Lerou that the mayor did not want meetings held in the street. Mr. Boardman, who is a socialist leader in this city, had with him at the meeting an out of town speaker which he was to introduce, who was a police interferer and arrested him.

The case was tried out last Saturday. Judge Barnes reserving decision, which he rendered Tuesday. Mr. Boardman and his attorney, Judge T. J. Kelly, were in court when the decision was rendered and Judge Kelly gave notice of appeal for which Mr. Boardman furnished a bond.

The fine was imposed on Mr. Boardman under a chapter of the city ordinances relating to nuisances and providing penalties ranging from the \$25 to \$1 for nuisances of the fourth class. A sailor for the submarine base committed a nuisance of the first class in molesting, molesting or interfering with any executive or police officer or the street commissioner while engaged in the duty of keeping the streets or highways or public places of the city free from obstructions and convenient for public use.

RAILROAD MEN ON TRIAL

FOR BREAKING AND THEFT

Andrew P. Monahan, Ernest Plummer and George E. Church, all employees of the New Haven road in the freight yard at New London, were put on trial in the superior court here Tuesday morning on the charge of breaking into a freight car in the New London yard on June 23 and stealing from it a barrel of potatoes valued at \$20. The case is heard before Judge George E. Hinman and a jury.

The chief incriminating evidence against the men was given by Caleb T. Green, a railroad policeman, who testified to lying on the ground between the tracks in the yard, seeing the three men break into the car and take out the barrel of potatoes and arresting them on the spot.

Plummer, who went on the stand late in the afternoon as the second witness put on by G. Curtis Morgan attorney for the accused men, flatly contradicted the testimony of Green. Numerous points he claimed that they were taking the barrel out of the car on the orders of Monahan, because it was producing a bad complexion, revealing the healthy young skin underneath. Its work is done gradually, day by day, and is inconveniently caused. The was applied at night, like cold cream, and removed in the morning with soap and water.

Another valuable rejuvenating treatment—this for wrinkles—is to bathe your face in a solution of powdered azoite, one ounce, dissolved in a half pint of veg. hazel. This has a remarkable action in smoothing out the lines and "firming" up the loose tissue.
